Updates & Rules Changes

UPDATED 02/06/06

Current changes, fixes and places where we just plain messed up. Credit is always given to the first person (by date) to write or email in to our offices with the bug. Note also that all page numbers refer to the print edition of the game.

ALTCULT GEAR COSTS (SPOTTED BY EDWARD MCGLYNN)

Important: There is no direct correlation between NCD and Giri. Giri given objects are considered to be "loan" items or "rewards" that often have a far greater dollar value than their Giri amounts. To sell a Giri-granted item is considered to be a serious taboo resulting in losing all Giri with that AltCult. In some cases, selling Giri items is an illegal offense within the AltCult (similar to an Air Force pilot trying to sell his F16!)
