## KICKERS

Feel free to steal one of these options for a Scene to Establish. Think about what you want for your character!

Your character and someone else's scheme in a bathroom about their plan. Who overhears?

A pep rally with the entire school present. What totally inappropriate thing does your character say when given a chance to speak?

Your character and someone else's, about to fight, make out, or both.

Your character and someone else's sharing hot, incorrect gossip about a third character. What is it?
