

Inquisitor Ident Cards

This set of files is designed to be printed on Avery Business Cards—Number 27882. You could print these on Regular card stock but will need to figure out where to cut the cards.

I made these to accompany Inquisitor Rosette Security Levels file on Dark Reign. Page 2 is a color back to the card and page 3 is grayscale. For those that don't want to use any color, page 10 is grayscale also.
